

ROCKLAND COMMUNITY POWER

GRAND VIEW-ON-HUDSON

January Info Sessions: Answers to Your Questions!

The Village of Grand View-On-Hudson is participating in an electricity supply contract through the Rockland Community Power program. The Rockland Community Power program is a Community Choice Aggregation (CCA) electricity supply program, providing access to 50% and 100% NYS renewable electricity supply options. CCA programs can provide eligible residents and small businesses with renewable electricity supply at competitive rates, with no individual contracts for consumers. Benefits include support for renewable energy, competitive rates, and strong consumer protections.

The program can have a measurable positive environmental impact by giving each of us a way to reduce our carbon footprint.

Eligible residents and businesses in the municipality will receive a letter in mid-March with their choices and will be automatically enrolled unless they opt-out. The CCA program will relaunch in the Village in May 2025.

Learn more about the Village program at an in-person/online event on January 7th– or join a virtual event on Jan. 15th from home online or by phone.

VILLAGE OF GRAND VIEW-ON- HUDSON ELECTRICITY SUPPLY PROGRAM

The Village of Grand View-On-Hudson is participating in an electricity supply contract through the Rockland Community Power program. This program will provide eligible residents and small businesses with the benefits of 50% renewable electricity supply at competitive rates.

This community choice aggregation (CCA) program enables municipal leaders to leverage the purchasing power of residents and small businesses to negotiate competitive rates for their electricity supply, protect consumers and support renewable generation sources.

Eligible residents and businesses will receive a letter in mid-March with info about the program, their choices, and info about how to opt-out.
